

## **HUNTERTOWN UTILITY BOARD MEETING AGENDA**

Monday, December 1, 2025, 5:00 p.m. Huntertown Town Hall, 15617 Lima Road

## Call to order with Pledge of Allegiance

## **Approval of Minutes**

November 3, 2025

## **New Business**

- USB Resolution 2025-003 Salary Ordinance
- Updated water services application Simon Lakes Estates Sec. 1
- Special Contract Simon Lakes Estates Sec. 1
- Pay Application No. 4 R. Yoder Construction Inc WWTP Phase 3
- EVAPAR generator maintenance agreement
- BS&A Software upgrade purchase
- 2026 meeting schedule

#### **Old Business**

2026 Budget

#### Reports:

Hannah Walker - Town Manager Ryan Schwab - Clerk Treasurer Derek Frederickson - Engineering Resources David Hawk - Hawk Haynie Kammeyer & Smith

**Open Floor for Public Comment** – Please keep comments to 3 minutes.

## Adjournment

Next Meeting of the Huntertown Utility Service Board is Monday, January 5, 2026 at 5 p.m. Meeting can be streamed online at www.youtube.com/@TownofHuntertownIndiana

**Utility Board Member appointments** 

Anthony Ramey 3-year term expiring 12/31/2025

**Town Council Executive appointee** 

Michael Stamets 3-year term expiring 12/31/2026

Town Council appointee

Dan Roy 3-year term expiring 12/31/2027 **Town Council Executive appointee** 

Please Note: Agenda items listed are those reasonably anticipated and may be discussed at the meeting. Not all items listed may necessarily be discussed and there may be other items not listed that may be brought up for discussion.

## Town of Huntertown - 2024

# HUNTERTOWN APPLICATION FOR NEW WATER AND SEWER SERVICES

All requests for new water and sewer service shall be made to the Huntertown Utility Service Board for their approval before any connections can be made to Huntertown Utilities. Any application for new water and sewer services must be submitted at least 30 days before the next scheduled USB meeting in order to be considered. Huntertown reserves the right to make exceptions to this policy as needed. This form shall be completed in its entirety, signed by the property owner, and presented to Huntertown for placement on the agenda for the next available meeting of the USB for their consideration and approval.

SPECIAL CONTRACT FOR EXTENSION OF SANITARY
MAINS IN – SIMON LAKE ESTATES SECTION I – RESIDEN

2

THIS SPECIAL CONTRACT FOR EXTENSION OF SA WATER MAINS ("Special Contract"), executed as of this \_\_\_\_ day of December, 2025 by and between the TOWN OF HUNTERTOWN, INDIANA, an Indiana Municipal Corporation (the "Town" or "Huntertown"), acting by and through its UTILITY SERVICE BOARD (the "USB"), which operates the HUNTERTOWN SANITARY SEWER UTILITY and the HUNTERTOWN WATER TREATMENT UTILITY. (the "Utility"), a municipal sewer and water utility, and LAKES OF SIMON CREEK, LLC., IT'S AFFILIATES AND ASSIGNS, hereinafter ("Developer"),

## WITNESSETH:

WHEREAS, Developer has under contract the right to purchase, owns or controls real estate in or contiguous to the municipal boundaries of Huntertown, more particularly described on **Exhibit A** attached hereto and made a part hereof (the "Real Estate");

WHEREAS, Developer is currently in the process of developing the Real Estate into a residential development to be commonly known as **Simon Lake Estates Section I** (the "Development") within which there will be single family residences located on the Real Estate consisting of fifty-four (54) residences, comprised of fifty-one (51) lots and three (3) out-lots as depicted on **Exhibit B**;

WHEREAS, the Utility is a municipal utility which has an Exclusive Sewer Service Territory ("SST") AND an Exclusive Water Service Territory ("WST") as established by Huntertown Ordinances and confirmed by the Indiana Utility Regulatory Commission ("Commission") to provide sanitary sewage disposal service and water service to the area in which the New Subdivision will be located;

WHEREAS, the parties acknowledge that this Special Contract and the extension of sanitary sewage disposal and water distribution facilities hereunder arise out of circumstances which are out of the ordinary (due, in part, to the substantially undeveloped nature of the area in which the New Subdivision is to be located, the substantial development proposed by the Developer requiring an extensive distribution and collection system, and the fact that heretofore no sanitary sewage disposal and water distribution facilities or services in said area have existed), and the parties desire to provide for the extension of such facilities by special contract pursuant to 170 IAC 8.5-4-39 and 170 IAC 6-1.5-40, upon and subject to the terms and conditions herein provided;

WHEREAS, the parties recognize the area within the Utility's SST and WST is experiencing extremely rapid growth, creating demand for the extension of sanitary sewage disposal and water distribution facilities;

WHEREAS the Utility wishes to cooperate with Developer and others within its SST and WST and is willing to allow Developer to construct extensions of the Utility's sanitary sewer and water distribution mains by private contractors approved by the Utility; and

WHEREAS the Utility has not requested that the Developer upsize the proposed infrastructure to create additional capacity beyond what is needed for the Development.

NOW THEREFORE, in consideration of the mutual promises, covenants and agreements to be kept and performed hereunder, including the aforesaid recitals which shall be incorporated herein by reference and construed as terms of this Special Contract with full force and effect equal to the following terms, the parties hereto agree as follows:

1. Application for Extension of Facilities. Developer hereby applies to the Utility for the extension of sanitary sewage disposal and water distribution facilities sufficient to satisfy the projected future demands, as projected by the Developer, of the Development which the Developer proposes to construct, and requests such extensions from the Utility in accordance with the terms and conditions of this Special Contract and the rules and Town's Standards and Specifications. The Utility hereby agrees to allow the extension of sanitary sewage disposal and water distribution facilities subject to such standards and specifications, and subject to the terms and conditions of this Special Contract for the lots specified herein.

# 2. Construction of the Development Collection and Distribution Systems.

- a. <u>Local Collection and Distribution System: Plans and Specifications.</u> Developer shall design, construct and install, at Developer's expense, an extension of the Utility's sanitary and water mains and facilities within the New Subdivision (the "Local Systems") to be shown on the construction plans for the Local Systems (the "Local Plans"). The Local Systems shall consist of interceptor, sewer and water mains, main extensions, lateral stubs and other appurtenances and equipment necessary to allow for the future provision of sanitary sewage disposal and water distribution services to the Development in accordance with the Town's Standards and Specifications. The parties agree that the Local Plans shall be prepared at the Developer's expense by a licensed engineering firm by an engineering firm approved by the Utility prior to construction of the Local System.
- b. The parties acknowledge that the New Subdivision is part of the Development, and therefore the Local Systems may be constructed in phases. In accordance with the Town's

Development Ordinance, and the Commission's main extension rules 170 IAC 8.5-4-28(b) and 170 IAC 6-1.5-29(b), the Local Systems shall be constructed to comply with the Commission's main extension rules above referenced for each particular phase. The Local Plans for each phase shall be acceptable to the Utility, and must be submitted to, and approved by, the Utility prior to construction of each respective phase of the Local Systems. Upon approval by the Utility, the Local Plans shall become a part of this Special Contract. The costs to obtain such permits shall be paid by the Developer.

- c. <u>Compliance with Plans and Specifications</u>. The Developer agrees to design, construct, install the Local System in accordance with the Town's Standard's and Specifications, Huntertown Ordinance 12-003, and such other ordinances for developments within the Town's SST and WST, all as may be amended from time to time, and with the Local Plans. If in the opinion of the Utility, construction performed by Developer's contractor did not or do not conform to the Town's Standards and Specifications, as last amended, Developer shall pay to Utility any cost or charge from Utility's engineer for design, redesign, or consultation which may be incurred by the Utility prior to or during construction. Developer also agrees and acknowledges that the Local Plans for the Local System, or any part thereof, must be submitted to and approved by the Indiana Department of Environmental Management ("IDEM"), or other governmental bodies prior to commencing construction and installation of the Local System, or any part thereof, and comply with Title 327 of Indiana Administrative Code, Article 3 and 8 for the purposed main extensions.
- d. <u>Technical Review.</u> Construction shall not be commenced on the Local Collection and Distribution System, or any part thereof, until Developer has obtained approval from the Utility following a technical review by the Utility's engineer and Utility personnel of the plans for sanitary sewer and water utilities proposed by Developer for the Local Collection and Distribution System, and Developer has complied with any modifications specified in the technical review letter needed to comply with the Town's Standards and Specifications as last amended, and Title 327 of the Indiana Administrative Code, Articles 3 and 8 for the proposed sanitary sewer and water main extensions.
  - 3. Requirements for Construction Release. Upon satisfactory completion of the Technical Review process, the Developer is eligible for a Construction Release.
  - 4. <u>Inspection Fees</u>. Developer acknowledges that the current inspection fee that is payable to the Town is four percent (4%) of the actual construction cost of the proposed sewer main and water main extensions to cover the cost of normal inspections, not including weekends, holidays or reconstruction of non-compliant facilities. The Developer agrees to pay to the Town the inspection fees of the actual documented costs of constructing the Local System, or any respective phase thereof, in accordance with the Town's Standards and Specifications, as last amended. Developer shall provide the Utility with copies of all

contracts, invoices, statements, material lists, payment requests, and any and all other documents pertaining to the construction of the Local System or phase thereof, to allow the Utility to determine any additional inspection fees due and to properly account for the cost of the Local System.

- 5. Maintenance Bond. Upon substantial completion of construction of the sewer main extension and/or the water main extension, which are component parts of the Local System, and approval and signing of the Secondary Plat by the Town Council, the Developer's Contractor shall provide the Utility with a standard one (1) year Maintenance Bond, as applicable, underwritten by suitable surety, which bond shall provide financial security to the Utility against faulty materials or improper workmanship respecting the construction and installation of the Local System, or the respective phase thereof. The Maintenance Bond shall be in an amount equal to ten percent (10%) of all construction costs of the applicable component part of the Local System, or the respective phase thereof. During the one (1) year Maintenance Bond period, the Utility shall own the Local System or the respective phase thereof. The Utility shall, during that one (1) year period, be responsible for the operation, inspection, and routine and emergency maintenance, of the Local System or the respective phase thereof. Developer's Contractor shall be responsible for all costs and expenses associated with repairing, replacing and non-routine maintenance of any portion of the Local System or the respective phase thereof, including but not limited to labor, materials and taxes. During the Maintenance Bond period for the Local System or any respective phase or any portions thereof, Developer's Contractor shall remain obligated for all costs to repair and/or replace the Local System in accordance with the Standards and Specifications as may be amended from time to time. During such period, any necessary repairs and/or replacements for which Developer's Contractor is obligated hereunder, may be performed by Utility or its contractor and the documented costs therefor reimbursed to Utility by Developer.
- 6. Requirements for Acceptance / Secondary Plat Approval. As a condition of acceptance of the Local System by the USB, and Secondary Plat Approval by the Town Council, and as required by Huntertown Ordinance No. 12-003, Developer shall:
  - a. Demonstrate satisfactory completion of the Development Collection System or any respective phase thereof, furnish to the Utility one set of Certified ("As-Built") Record Drawings along with the CAD plan for incorporation into the Town's GIS mapping system. Said drawings shall show all changes from the original design and include the location of all sewers, manholes, taps, services, field tiles, utility lines, etc. per the Town Specifications in place at the time of final development approval for the phase to be constructed.
  - b. Provide a copy of the final plat for the Development showing property lines, right-of-way and easements.

- c. Provide a Maintenance Bond as specified in section 5 hereof.
- d. Pay additional construction inspection fees according to Huntertown Ordinance 12-003 due to work performed on weekends or holidays, reconstruction of facilities that are found to be non-compliant or defective, or additional oversight needed by the Town to observe construction activities for contractors that are found to consistently not meet the Town standards or adhere to the provided schedule.
- e. Secure a written confirmation of satisfactory Final Inspections by Huntertown, which Huntertown shall provide within a reasonable time.
- f. Provide written confirmation of passing test reports for all sewer & water infrastructure.
- 7. Conveyance of the Local System. Within thirty (30) days after satisfactory completion of the Local System or any respective phase thereof, and approval and signing of the secondary plat by the Town Council, the Developer shall convey all rights, title, and interest in the Local System to the Utility, which shall be and remain the sole property of the Utility.
- 8. Connection Fees and Charges. Developer acknowledges and agrees to pay all connection fees and charges as adopted and authorized by Ordinances and Resolutions of the Utility, including System Development Charges and non-recurring special area connection charges or fees for each new sewer connection as applicable.
- <u>9.</u> Waiver of Refunds. The parties expressly agree, and Developer acknowledges that in this Special Contract it has irrevocably waived any right to any "refund" as defined in 170 IAC 8.5-4-18 and 170 IAC 6-1.5-18, including a 3-year Revenue Allowance, as a result of the construction of the Local System, any sanitary sewer or water mains and facilities connected with the Development, whenever constructed, or to any revenue allowance, refund or other payment by reason of the connection of any main extensions or connections for service therefrom.
- 10. <u>Developer Warranties</u>. The Developer does hereby warrant that as of the date of this Special Contract:
  - a. Lakes of Simon Creek, LLC., is a Domestic For-Profit Limited Liability Company organized and validly existing under the laws of the State of Indiana, with the requisite capacity and legal authority to enter into the Special Contract for Extension of Sanitary Sewer and Water Mains and Facilities.
  - b. Kathleen Hartman, its duly authorized Member, has the requisite legal capacity and authority to execute this Special Contract on behalf of Lakes of Simon Creek, LLC.
  - c. When properly executed, this Special Contract will constitute a valid and binding obligation on the part of Lakes of Simon Creek, LLC with respect to the performance of all actions required under this Special Contract; and

- d. To the best of the Developer's knowledge and belief, the consummation of the transactions contemplated by this Contract and the performance of this Special Contract will not result in any breach of, or constitute any default under, any law, regulation or order of a governmental body or court having jurisdiction, any bank loan, credit agreement, or any other instrument to which the Developer is a party or by which it may be bound or affected.
- 11. <u>Default by Developer</u>. Each of the following events by, or applicable to the Developer shall constitute an "Event of Default" by the Developer:
  - a. The dissolution, or otherwise ceasing to maintain in effect the existence, qualification and authority, of Developer for more than thirty (30) days;
  - b. The failure to observe or perform any of the Developer's obligations under the other terms, covenants or conditions of this Special Contract; or the failure to observe and perform any and all obligations and provisions of the published rules and regulations of the Utility or the Indiana Department of Environmental Management from time to time in effect, or the rules and regulations of the Commission from time to time in effect, or the laws of the State of Indiana as they pertain to sanitary sewage disposal and water distribution service and all matters related thereto, which failure persists for more than thirty (30) days;
  - c. The filing by Developer in any court pursuant to any statute, either of the United States or any state, of a petition for bankruptcy or insolvency, or for reorganization, or for an arrangement, or for the appointment of a receiver or trustee or similar official of all or a portion of such Developer's property, or for the liquidation or winding-up of such Developer's affairs; or an assignment by such Developer for the benefit of creditors;
  - d. The filing against the Developer in any court, pursuant to any statute, either of the United States or of any state, of a petition in bankruptcy or insolvency, or for reorganization, or for appointment of a receiver or trustee or similar official of all or a portion of such Developer's property, or for the liquidation or winding-up of such Developer's affairs, if within sixty (60) days after the commencement of any such proceeding, such petition or other action shall not have been dismissed or stayed;
  - e. The taking by any party of the interest of the Developer in the Development, or any part thereof, upon foreclosure, levy, execution, attachment or other process of law or equity, or any transfer in lieu thereof.

Upon the occurrence of any Event of Default under this Special Contract by the Developer, the Utility may:

- a. Accelerate the full unpaid balance of the aggregate indebtedness payable by Developer under this Special Contract;
- b. Withhold its own performance hereunder, including, without limitation, ceasing any construction of sewer plant and facilities, or ceasing to reserve

- capacity as herein provided, or withholding the provision of sanitary sewage disposal service to the Developer's Development;
- c. Collect from the Developer all costs and expenses, including attorneys', architects' engineers' and other professional fees, incurred or suffered by the Utility in connection with this Special Contract and the enforcement of the Utility's rights hereunder; and,
- d. Pursue any other legal or equitable remedy available for the enforcement of its rights hereunder. The remedies available to the Utility shall be cumulative and the exercise of any one or more remedies shall not preclude or waive the exercise of any other remedy or the later exercise of the same remedy.
- 12. Indemnification. The Developer hereby indemnifies and holds harmless the Utility from any and all damages, claims, liens or liabilities whatsoever arising from any work performed, or accident or injury, or any other matter whatsoever, caused to any person, firm, corporation or other entity, in, on or about the Development or arising out of the Development or the operations in connection therewith or arising out of the construction, operation, maintenance, and repair of the Local Collection and Distribution System. The indemnification herein provided shall include, without limitation, all costs, attorneys' fees, expenses and liabilities incurred in connection with any such damages, claims, liens or liabilities or any action or proceeding brought thereon.
- 13. Prior Agreements and Amendments. This Special Contract supersedes all previous understandings, either written or verbal, and, as of the effective date of this Special Contract constitutes the entire agreement between the parties, and no modifications or amendments of the terms herein contained shall be effective unless set forth in writing and signed by both parties.
- 14. Notice. All notices or other communications required to be given hereunder shall be given in writing and shall be deemed to have been fully given on the date delivered, if delivered personally, or on the date mailed, if mailed by first-class United States Postage, postage prepaid, to the following address:

The Utility:
Huntertown Utility Service Board
c/o Huntertown Town Manager
Huntertown Town Hall
15617 Lima Road
Huntertown, IN 46748

Developer: Lakes of Simon Creek, LLC. c/o Kathleen Hartman 1020 Woodland Plaza Run Fort Wayne, IN, 46825

Notice delivered to the Developer's address above shall be deemed notice to the Developer.

- 15. Successors. The covenants, agreements and obligations herein contained shall extend to, bind and inure to the benefit of not only the parties hereto, but to their respective personal representatives, heirs (if applicable), successors and assigns.
- 16. No Waiver: Severability. The consent or waiver, express or implied, by the Utility to, or of any Event of Default or non-performance of, any matter hereunder shall not be construed as a consent or waiver to or of any other Event of Default or non-performance of the same or any other matter. If any portion of this Special Contract is invalid or unenforceable under applicable law, the remaining portions of the Special Contract shall not be affected thereby and shall nonetheless remain valid and enforceable; provided, however, that if in the reasonable opinion of Utility, the Special Contract fails of its essential purpose as a result of the severed provision(s), the Utility shall have the right to terminate the Special Contract.
- 17. Cooperation With Governmental Bodies. In consideration for the promises made by the Utility herein, the Developer agrees to cooperate and support the Utility, to the extent necessary in the Utility's sole judgment, before the Indiana Department of Environmental Management and any other agency or governmental body, with respect to the subject matter hereof.
- 18. Further Assurances. The parties hereto agree that they will cooperate with each other and will execute and deliver, or cause to be executed and delivered, all such other documents and instruments, and will take all such other actions, as the other party hereto may reasonably request from time to time to effectuate the provisions and purposes of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed, or have caused their duly authorized representatives to execute, this Special Contract as of the date first written above.

## Generator Planned Maintenance Agreement Renewal-Liquid Cooled Units (Semi-Annual)

Thank you for the confidence you have placed in EVAPAR regarding the preventive maintenance of your emergency power equipment. Regular preventive maintenance provides peace of mind and ensures your equipment is ready when you need it, helping you avoid unexpected downtime. Our factory-trained professionals are dedicated to maintaining your systems with the expertise and care that aligns with our mission:

"At EVAPAR, we are committed to delivering reliable energy and industrial solutions with integrity, expertise, and customer-first service. Through innovative technologies, skilled professionals, and unwavering support, we ensure businesses and communities have the power they need—when and where they need it. By prioritizing long-term partnerships and exceptional service, we bring peace of mind to every customer, every time."

Enclosed is your renewal agreement. Once it is signed, a separate invoice will be issued according to the payment terms outlined. Pre-paid customers will continue to enjoy a 10% discount on labor for services not included in this agreement.

We sincerely appreciate your past patronage and look forward to continuing our partnership. If you have any questions, please feel free to contact me.

Respectfully,

Cathy Barton

EVAPAR
Power Systems Service Coordinator

Cathy.Barton@evapar.com

## PLANNED MAINTENANCE SCOPE OF WORK

## **Engine**

- Below 350kW: Replace air filter(s) every three years.
- 350kW and Larger: Inspect air filter(s), clean, or replace as needed for an additional cost.
- Check the condition/ tension of belts (adjust as needed)
- Check ignition system, distributor coils, and wires (if applicable)
- Check fuel lines for leaks/damage
- Check flexible fuel line connections
- Lubricate governor and linkage
- Inspect hoses, and clamps for any air intake restrictions

#### Oil System

- Change oil (annually)
- Change oil filter(s) (annually)
- Inspect for leaks

## **Cooling System**

- Check radiator coolant level
- Annual Coolant Sample Analysis with Report
- Test/record anti-freeze temperature
- Test/record anti-freeze nitrites
- Check for leaks
- Check all hoses
- Check the operation of the engine block heater

#### Battery

- Inspect / clean terminal on cables
- Clean and treat battery post/cable
- Check battery fluid level
- Check/ record battery volts/amps
- Check/record charger volts/amps
- Check/ record alternator volts/amps
- Load test or perform specific gravity test

## Starting System

- Check start solenoid terminals
- Check starter connections

#### **Electrical**

- Inspect control panel: Check gauges, meters, and indicator lights
- Visually inspect electrical connections
- Inspect the main line circuit breaker
- Check the generator output voltage

## **Fuel System**

- Change fuel filter(s) (annually)
- Check for fuel leaks
- Clean/ inspect the fuel bowl or water separator (if applicable)
- Check injection pump lines
- Check day tank operation and record level
- Check the fuel transfer pump
- Check fuel solenoid
- Check the fuel pressure regulator
- Inspect the fuel tank and rupture basin for leaks

#### **Exhaust System**

- Visually inspect for leaks/damage
- Visually inspect flexible exhaust
- Drain condensation trap

## **Operating Check**

- Run and inspect for proper: oil pressure, coolant/ oil temperature, alternator charger rate, generator voltage, and frequency
- Record gauge and meter readings
- Check for leaks and excessive vibration
- Test safety shutdowns
- Check operation of louvers (if applicable)

## **Automatic Transfer Switch**

- Inspect ATS & enclosure for corrosion/moisture
- Inspect controls and calibrate as needed
- Exercise clock-check and verify operation
- Record normal and emergency frequency/voltage at ATS connection
- Perform power failure or building load test (with approval), check/ record amperage/voltage on each leg
- Check transfer switch contacts for voltage drop(normal and emergency)
- Replace exerciser battery as needed.
- Return all switches into proper operating mode

#### Reports and Instruction

- Submit inspection/ test report to owner, with any recommendations of future work/ parts required
- Instruct owner personnel in operating or upkeep procedure

## **OPTIONAL SERVICES**

- Diesel Fuel Analysis
- Load Bank Testing (NFPA110)
- Remote Monitoring

## PLANNED MAINTENANCE AGREEMENT

- This Planned Maintenance Agreement is entered into by EVAPAR and the owner for EVAPAR to perform Planned Maintenance Service(s) on the equipment listed below.
- Semi-Annual: EVAPAR will perform two (2) visits annually. One (1) Inspection and one (1) Full Service, at approximately six (6) month intervals. Work is to be scheduled and performed during regular business hours.
- This scope of work to be performed includes labor, parts, travel time, and mileage.
- Any additional work recommended or required will be brought to the owner's attention, and upon approval, additional work will be performed for an agreed-upon charge.
- Any scheduled maintenance items (such as ATS transfer tests) that are unable to be performed while EVAPAR is on-site for services, due to personnel or logistics changes by the customer on the day of service will result in an additional trip and or labor charges to return to perform those re-scheduled services.
- This agreement does not include expenses to repair damage caused by abuse, accident, theft, acts of a third person, forces of
  nature, or altering the equipment. EVAPAR shall not be responsible for failure to render the service for causes beyond its
  control, including pandemics, strikes and labor disputes. This agreement is not assignable without the consent of EVAPAR and
  can be cancelled by either party through written notice.

## Payment Terms Agreement - Liquid Cooled

Please initial **one** (1) payment term. Note: If you select **Billed Terms**, a credit application is required unless you have an existing approved account.

| 1.    | <b>Pre-Paid Terms</b> - If this option is selected, an invoice will be issued immediately and payment in full is due before any services are scheduled. Issued Purchase Orders do not constitute payment. Upon receipt of payment, the agreed-upon services will be scheduled. Customers selecting Pre-Paid Terms will receive a 10% discount on labor charges for any additional services performed outside of this agreement. |                                                                                                                                                                                                                                                                                                                                                                                                                      |  |  |  |  |  |  |  |

## Proposal for:

# Town of Huntertown, Allen County IN

September 15, 2025

**Quoted by: Parker Bright** 

Software and Services for Cloud

Thank you for the opportunity to quote our software and services.

At BS&A, we are focused on delivering unparalleled service, solutions, support, and customer satisfaction. You'll see this in our literature, but it's not just a marketing strategy... it's a mindset deeply embedded in our DNA. Our goal is to provide such remarkable customer service that our customers feel compelled to remark about it.

We are extremely proud of the many long-term customer relationships we have built. Our success is directly correlated with putting the customer first and consistently choosing to **listen**. Delivering unparalleled customer service is the foundation of our company.

BS&A Software 14965 Abbey Lane Bath MI 48808 (855) BSA-SOFT / fax (517) 641-8960 bsasoftware.com

## **Cost Summary**

Software is licensed for use only by municipality identified on the cover page. If used for additional entities or agencies, please contact BS&A for appropriate pricing. Prices subject to change if the actual count is significantly different than the estimated count. Module fees are charged annually and include unlimited support.

| Boyce Modules Transition - Annual Fee                                                | MARKET   |          |

| Personnel Management Modules                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Days: | 4  |          | \$4,800  |
| The Property of the Control of the C | Total | 32 | Subtotal | \$38,400 |

## Cost Totals

| Total Proposed                                           | \$80,105 |
|----------------------------------------------------------|----------|
| Total Proposed                                           | \$38,400 |
| Implementation and Training                              | \$1,000  |
| New Modules Project Management and Product Configuration | \$0      |
| Professional Services – Migration fee                    | \$1,775  |
| New Modules - Annual Fee                                 | \$38,930 |
| Boyce Modules Transition - Annual Fee                    |          |

Estimated Travel Expenses are not outlined in this proposal. The final invoice will reflect actual expenses following the completion of all training activities based on the Federal Guidelines described below.

\$160/\$185/\$225 per day hotel, varies by state

\$90 per day car rental

\$70 per day meals

\$730 per trip airfare/related expenses

\$0.70/mile round trip for drive distance

## Payment Schedule

1st Payment:

\$1,000 to be invoiced upon execution of this agreement.

2<sup>nd</sup> Payment:

\$40,705 to be invoiced at activation of customer's site.

3<sup>rd</sup> Payment:

\$38,400 to be invoiced upon completion of training.

## BS&A Online

## Connection Requirements

Boyce Cloud modules require a high-speed internet connection (cable modem or DSL).

## Scope of Data Migration - Keystone to BS&A

This appendix outlines the standard scope of data migration from the Keystone system to Boyce Cloud powered by BS&A, focusing on the data and modules included in the transition and options for accessing historical information.

## Overview of Migration Scope

The migration process includes data currently available in the live (unarchived) Keystone environment. The typical scope includes:

- · The current year, and
- Up to two full prior years, if available in the live system.

## Included Modules and Data KeyFund (Fund Accounting)

Migrates the current fiscal year as maintained in the live system.

## KeyLedger (Ledger)

Includes up to 18 months of data, with the current fiscal year prioritized.

## KeyPayroll (Payroll)

Includes the current year and up to two prior years of live data.

## KeyBilling (Utility Billing)

Includes the current year and up to two prior years of live data.

## **Financial Readiness**

To support an accurate and seamless migration, clients are asked to:

- Ensure bank reconciliations are up to date through the most recent full month prior to migration.
- Complete General Ledger Close for the prior fiscal year, if that year is to be included in the migration scope.

Failure to meet these requirements may result in delayed implementation.

## **Additional Data Handling**

The following modules will be transitioned using a data file import method:

- Accounts Receivable (AR) From KeyFund
- Fixed Assets (FA) From KeyAssets
- Purchase Orders (PO) From KeyFund

This approach ensures continuity without the need for a full database conversion.

Additional years or data structures that fall outside the standard migration scope—such as merging multiple databases or unique configuration setups—may incur additional fees.

## Access to Historical Data

While the migration focuses on current and the last two years of recent operational data, clients retain access to historical records through the following options:

- Read-Only Keystone Access Keystone will remain available in a view-only mode for reference to prior years.
- Client-Generated Reports Clients are encouraged to generate and retain any key reports from the archive prior to the migration.
- Excel Export Archived data can also be exported into Excel for easy local access and retention.

## **Migration Training Scope Statement**

Client training is guided by an official training checklist provided by the Migration Project Team. This checklist outlines all topics and tasks included in the training scope and serves as the formal record of what will be covered during onsite sessions.

At the conclusion of training, clients will review and sign the checklist to confirm that all listed topics have been addressed. Only the items acknowledged on this signed checklist are considered within the scope of training.

Requests for additional topics, retraining, or areas not included in the checklist may require separate scheduling, support arrangements, or additional fees, depending on the request.

## 2026 Huntertown Utility Service Board Schedule

All meetings will begin at 5 p.m. and take place at Huntertown Town Hall, 15617 Lima Road, Huntertown, IN 46748

Monday, January 5, 2026

Monday, February 2, 2026
